

# COFFEE JUICE™

From the guys who developed the Toddy® cold brewed process and sparked the cold brewed coffee revolution: Strother's Brewed Cold Coffee Juice™. Since 1964, they've developed coffee, tea, and botanical extracts for brands such as Allegro Coffee, Peet's Coffee & Tea, HonestTea, Caribou Coffee, POM Wonderful, and WhiteWave Foods.

This proprietary, ridiculously original, and absurdly delicious concoction is made up of Fair Trade-certified cold brewed coffee, juiced whole blueberries, and cane sugar—with recipes available in four all natural flavors, including Original, Coconut, Salted Caramel and Sweet Vanilla. The non-dairy, non-GMO Ready-to-Drink line is packaged

in 16 oz glass bottles—formulated and brewed cold to perfection. Coffee Juice™ has been market-tested to appeal to the 18-49 age demographic. Joy to the World!
